

Joining AIChE as an International Student Member

AIChE's International Student Membership is available to any chemical engineering student whose primary residence is outside of the United States and Canada. Membership provides a variety of benefits and costs just 7 USD per year (prorated during the first year). The membership period for AIChE International Student Membership is January 1st through December 31st each year.

As an AIChE international student member, you will receive:

- **Webinars** – lectures on the most interesting and important topics in engineering, from the *Nuclear Meltdown at Fukushima Daiichi* to the *Chemistry of Beer Brewing*. Students can view all of the archived webinars for free.
- **eLibrary** – unlimited access to selected Knovel resources including the full text of 200 critical engineering books, and also McGraw-Hill's AccessEngineering with Perry's and more titles, both offering interactive data, graphs and table to support your research and education.
- **Design Competition** – AIChE releases a problem each year that students are encouraged to spend an entire semester solving.
- **Career Resources Network** – get help on resumes, interviewing, and networking for full-time jobs and internships around the world. No matter where you are applying, check out CRN first!
